SAN BERNARDINO, CALIF – April 3, 2023 – Time for Change Foundation (TFCF) is excited to announce their annual gala will be returning to Southern California on April 14 after being held as a virtual event for three years. “Unmasking the Future” will celebrate TFCF’s 21st anniversary with a star studded masquerade ball. The event will take place at 6 PM at the DoubleTree by Hilton Hotel Ontario Airport.

Each year TFCF hosts their annual gala to honor and recognize those who have defied all odds and reclaimed their rightful roles as mothers, leaders and active participants in their community. All proceeds from “Unmasking the Future” will support the foundation in their mission to empower disenfranchised, low-income individuals and help families find the path to self-sufficiency. “Unmasking the Future” will highlight the successes of the women that have emerged from homelessness, addiction, domestic violence, and incarceration and have become thriving mothers and community members.

This year’s honorees include Dr. Elizabeth Dowdy (founding Pastor of Lion of Judah Worship Center and owner/operator of Eliz’ Elegant Apparel) with the Ramos Family Spirit of Compassion Award, Webb Family Enterprises with the Community Champion Award, Hilda

Kennedy (President and Founder of AmPac Tri State CDC) with the Nancy Varner Angel Award, Latino Community Foundation with the Courageous Philanthropy Award and Kat Taylor (social, racial, gender and environmental advocate) with the Humanitarian Award.

Since 2002, TFCF has continued to live out its mission of empowering the disenfranchised and creating thriving communities. Most recently, TFCF opened the doors to their new Black and Brown Opportunities for Profit (B-BOP) Center, a first of its kind, high-tech economic hub in San Bernardino designed to support Black and Brown female entrepreneurs.

"We have so many amazing milestones to celebrate this year," says Vanessa Perez, Executive Director of Time for Change Foundation. "We couldn't be more excited to honor these incredible people while shining a light on the organization's accomplishments this past year, most notably the highly-anticipated opening of our B-BOP Center."
